Date: 24/09/2025

To,
Smti Pomi Baruah, ACS
Director Higher Education
Assam.

Subject: Proposal of Spoken Tutorial, EduPyramids, SINE, IIT Bombay to be a Knowledge Provider of Computer/IT Skills to all Government Colleges of Assam State coming under Higher Education Department, Assam.

Respected Mam,

We are delighted to introduce you to a MOOCs platform providing IT skills job-oriented courses training. The reason to approach the Department of Higher Education, Assam for Spoken Tutorial, EduPyramids, SINE, IIT Bombay as a Knowledge Partner, is so that the reach, awareness and spread of our software training is much faster and reaches many more colleges via the State Government, Higher Education authorities. We were happy to note that our training is in line with some of your Mission / Vision objectives, to facilitate job-oriented skill training for each and every student in the state. We are actively working with the Higher Education Department of other states too. Please find below the complete details.

Introduction:
It offers audio-video (Spoken), training tutorials on various Software to students. This is a successful and very necessary **IT/Software/E-Tutor course MOOC** platform being offered by none less than Spoken Tutorial, EduPyramids, SINE, IIT Bombay (www.spoken-tutorial.org). Spoken Tutorial started in 2009, developed at IIT Bombay, was established with funding from the Ministry of Education, Government of India.

We provide Open-Source Software training to colleges all over India and has been hugely successful in terms of over 75+ courses being offered covering all the states. To date, we have trained over 95+ lakh participants nationwide in the distance-learning method. We are also accepted formally as Knowledge Partner to over 125 state affiliating universities and most state higher and technical education departments. In Assam, more than 1.50 lakh students and faculties have been trained. The learning is managed well in the remote or distance manner and faculties and students learn on their own at home.

Advantages:
- Students can learn on their own through an innovative audio-video e-tutor in English, Hindi, Assamese or other regional languages. No expert needed, minimum faculty involvement & minimal academic disruption in lab/ college.
- Students trained in a wide range of courses like LibreOffice (Office automation software), Animation packages, Blender, Multimedia, Programming languages C, C++/Java etc. to become skilled and improve their academic and job prospects. We have 75+ Software Courses right from Basic IT to Programming to Multimedia etc.
